

Understanding Airspace- The Basics of the Alphabet Soup.

Hands on learning with audience participation. Bring a cool drink and enjoy the shade while we explore the canvas our airports are "painted" in. Review the FARS and procedures at the various airspace levels. We fly in airspace all the time, but do we really KNOW it?

Directions: MERFI is a great event with lots of exhibits. The venue may change, but the FAASteam seminars have been in Hangar C the past few years. Look for signs or ask for directions upon arrival.
