

## July Topic of the Month / Managing Unexpected Events

This presentation will address one aspect of single-pilot, Crew Resource Management (CRM) management of unexpected events. How will you respond to an emergency situation? Humans are subject to "startle response" when they are faced with an unexpected emergency. Training on this subject can reduce startle response to the emergency. Come out and join the conversation.

**Directions:** Lane Aviation is located on the right side as you drive toward the terminal on International Gateway. Turn right into Lane Aviation entrance, bear to right of flag pole, enter building with maroon awning (4387) over the door, walk up the stairs to second floor, room on the left.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)
