

Controlled Flight Into Terrain (CFIT)

With all the technology and information we have today, why do perfectly sane pilots fly perfectly good planes into obstructions, causing heartache and havoc? This issue hits close to home for too many of us. Come explore this timely issue with fellow pilots.

Directions: The FAASteam seminar will be held in the class room of the Champaign Aviation Museum.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
