

## 2016 Ohio Aviation Maintenance Symposium / IA Meeting (see additional information below)

The eight hour day will consist of two separate sessions each hour giving attendees a choice of topics. Topics include: Regulations, Human Factors, Fabric Inspection & Repair, Diesel Powerplant Technology, Field Approval Process, Parts Approval Process, NDI, and Maintenance Tracking. This listing is not all inclusive of scheduled presentations.

A certificate of attendance will be issued to each individual at the end of the day.

**Directions:** The Maintenance Symposium will be held on the 4th floor (elevators available) of The Columbus State Conference Building. Since Columbus State Community College will not holding classes the day of the symposium, all parking lots posted as "Student Parking" will be available for use. To view the directions and map, see the pdf document at the bottom of the page. When viewing the map, look for the building marked as WD.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
