

Monthly Meeting of the Columbus Chapter EAA/IMC Club (Mastering the Art of Instrument Navigation)

John Zimmermann, Vice President for Sporty's Pilot Shop Catalog Division, commercial airplane and helicopter pilot, editor and contributing author to Air Facts Journal, and co-author (with Bret Koebbe) of Flying with the iPad: Tips from iPad Pilot News, will share his insights on using iPad and ForeFlight technologies effectively. Further, he will underscore a number of procedural caveats for unsuspecting and unwary pilots. While the focus of the presentation will highlight advantages (and warnings) for instrument pilots, GA VFR pilots will also learn about important features for their personal and professional flights.

Directions: Go to <http://www.quest-centers.com/> for a map and/or directions to the Quest Conference Center. (The QCC is southeast of the I-71-Polaris Parkway Exchange). Enter at the Main Entrance, you will be directed to the meeting room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
