

Topic of the Month - Aircraft Performance and Limitations

Discuss the importance of aircraft performance calculations.

Show pilots how they can assess their individual performance capabilities. Offer suggestions for increased safety in takeoff and landing operations.

Encourage pilots to explore pilot and aircraft performance with their CFIs. Provide high level information on where aircraft limitations come from.

Encourage operations within established aircraft limitations.

Directions: Lane Aviation is located on the right side as you drive toward the terminal on International Gateway. Turn right into Lane Aviation entrance, bear to right of flag pole, enter building with maroon awning (4387) over the door, up the stairs to second floor, room on the left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
