

Topic of the Month - Stabilized Approach and Go Around

Teaching Points:

Discuss the magnitude of approach and landing mishaps. Acquaint pilots with the benefits of stabilized approach and landing operations. Discuss best practices for exercising the go around option. Encourage pilots to make stabilized approaches and to go around if stabilized approach criteria are not met.

Directions: After turning into the OSU Airport driveway, go straight. The Administrative Building is on the right side.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
