

Monthly meeting of the Columbus Chapter EAA IMC Club (Mastering the Art of Instrument Navigation)

Every flight provides the basis for a “lesson.” Some lessons are transitory; others leave an indelible impression as the “lesson” permanently changes the way we approach future flights. Our panel of distinguished instrument aviators and instructors will share their unforgettable experiences by detailing the circumstances of “their lesson,” stating how the lesson affected their future flights, and offering recommendations to incorporate into our standard operating procedures (SOPs) to ensure safer flight.

Directions: Go to <http://www.quest-centers.com/> for a map and/or directions to the Quest Conference Center. (The QCC is southeast of the I-71-Polaris Parkway Exchange). Enter at the Main Entrance, you will be directed to the meeting room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
