

# KOSU Runway Safety Action Team Meeting

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft on the Airport. We look for participation from all major airport interests including tenants, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan.

**Directions:** Aero Research Center (Aero Lab) Room 100
