

FAASTeam presents:

# Owner and Mechanic Relations

Topic: Pilot/Aircraft Owner/Mechanic Relations  
The FAA and industry will conduct a public education campaign emphasizing the value of clear airworthiness responsibilities, effective pilot/owner/mechanic communication, and proper required and optional maintenance and inspection documentation.

**Background:**

Aircraft owners and pilots rely on certificated aircraft mechanics and inspectors for continued airworthiness of their aircraft. Many owners are unaware of their own airworthiness responsibilities. This program introduces Owner/Pilot/Mechanic responsibilities and authorities with respect to continued airworthiness and it offers suggestions for evaluating maintenance facilities and personnel.
