

FAASTeam presents:

# **Meet the KOSU ATC Team for Airspace and Ground Ops Discussion**

Members of The Ohio State University Airport Tower team are visiting this coming EAA9 meeting. They plan to discuss local airspace, how it pertains to the local pilot and local procedures developed to mitigate risk with other aircraft in the National Airspace System. They are also prepared to answer your air traffic control questions.

Please come and meet these Midwest ATC Service, Inc. controllers. They will also be sharing their rich ATC experience.

Sam Sahlin, a Navy veteran, has 32 years of ATC experience. He has 20 years experience at KOSU alone. He has multiple tower ratings, including Midwest ATC's Waukegan (UGN) Tower, in addition to 10 years Navy ATC experience on the USS Kitty Hawk and at Naval Air Station Jacksonville in Florida. William (Billy) Renftle brings 7 years total experience to KOSU Tower, but his experience is at busy places. Being a prior US Air Force controller, this veteran has worked at Barksdale AFB and Langley AFB. He has also worked at Lancaster Tower in Pennsylvania and even has experience with the FAA at Columbia in South Carolina. Billy joined the KOSU team in mid October 2021.

Kyle Overfield has 6 years ATC experience and
