

EAA / IMC Club Meeting - Best Practices for Night Flights

Mr. Parimal Dandekar, CFII/AGI/IGI will discuss best practices to operate safely while conducting a night flight. This will include information and resources found at the [faa.gov](https://www.faa.gov) website.

Teaching Points

- The physiology of night flight - day vision versus night vision.
- Night landing requirements and currency - 14CFR Part 61.57.
- Using the PAVE model to access and mitigate risk.
- Airport lighting review.

Enter in the front door, turn right down the hall, then right into the meeting room.

If flying into KOSU, park on the ramp and cab or Uber to the venue, less than 10 minutes away.

A message from the National FAASTeam Manager
