

EAA Chapter 9 IMC Club - Weather Resources

This session explores the varied weather resources available to enhance single-pilot safety in general aviation.

Teaching points:

- How to use AviationWeather.gov
- Review of ForeFlight Imagery and ForeFlight Map Layers
- Flight Service Telephone Weather Briefings
- How to use AOPA Flight Planning Tool (iFlightPlanner)

At the entry gate, push the call button and inform them you are attending a class. Park in the lot to your right and enter the door under the maroon awning and take the steps to the right to the second floor classroom.

A message from the National FAASTeam Manager
