

Air Traffic Control and Airport Operations for Pilots

With a variety of airspace types and airports in the State of Michigan, this event will discuss appropriate procedures for entering, operating within and exiting tower controlled and non-towered airports.

Presented by Rob Bunday, Western Michigan University College of Aviation

Directions: Event held in the terminal building at the West Branch Community Airport

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
