National Virtual Aviation Safety Stand Down

A safety stand down is an event at which pilots gather to learn new information refresh already learned information, and to engage in discussion with safety experts and fellow pilots. This live webinar format event is presented by the advocates for Aviation Safety Foundation, Inc. and features three main live presentations from experts in their fields. A live discussion will take place following each presentation and attendees will be able to ask questions and make comments. This Webcast will be hosted for live viewing and discussion courtesy of Sparta Airport and Amway Corporation. The event will last approximately four hours and will feature popular experienced presenters. Attendees are eligible to receive all three WINGs Knowledge Credits at the Basic Level. For more information, please go to https://advocates4safety.org/vsd/vsd_032115.htm
