

Amateur Built Aircraft - Maintenance Best Practices and First Flight Considerations

Whether you built the aircraft yourself or you are the second, third or fourth owner of an experimental/amateur built aircraft, there are maintenance best practices, as well as first flight qualifications and training that should be considered.

Directions: Seminar will be held in the main terminal lobby.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
