

Grand Rapids FAASTeam presents:

Flight Instructor Open Forum - Teaching with Tablets

As a Flight Instructor, you understand that we teach in a rapidly changing aviation world. One of the ways the world of aviation training is changing is through Electronic Flight Bags (EFBs). The veteran CFIs may say to never teach with them, but the "fresh out of college" CFIs with very low hours may know nothing but using EFBs. In this CFI Forum, we'll discuss what EFBs are, training for EFBs, their use for check rides, common errors and how to teach with this new technology.

FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss relevant flight training and safety topics.

Any pilot, not just CFIs, are encouraged to attend this forum.

Participation in this meeting does not result in credit for CFI renewal

Directions: This free CFI Forum will be hosted by Indiana Flight Center in Hangar 28 at the Elkhart Municipal Airport in Elkhart, Indiana.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
