

Preflight Safety Challenge

As aviators, we understand the importance of doing a thorough preflight before every flight. But how often do we find something totally wrong? Would we even notice if something was out of place?

Come join us at Indiana Flight Center for a Preflight Safety Challenge. We will start promptly at 6:30 p.m. with a short presentation followed by a preflight challenge to see which aviator can find all, or the most squawks on our Cessna 172. Prizes for the best three preflighting aviators!

Directions: This free safety seminar will be hosted by Indiana Flight Center in Hangar 28 at the Elkhart Municipal Airport in Elkhart, Indiana. The seminar is not located off County Road 6, rather on the southeast side of the airport off of Airport Drive. See the attached map and look for signs to Indiana Flight Center.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
