

CFI Open Forum-Conducting a Risk Based Flight Review

At this open forum, we will discuss how to conduct an effective risk-based flight review. This interactive presentation also leads the participants in a discussion of best practices for developing evaluation scenarios. It allows FAASTeam Program Managers and designated FAASTeam Representatives together with CFIs and DPEs to discuss the benefits of conducting risk-based flight reviews. Flight Instructors, Ground Instructors, Designated Pilot Examiners, Instructors in training and other General Aviation pilots are welcome and encouraged to attend. Click the link below and register TODAY.

Directions: Meeting will be held in the simulator building located immediately to the right as you enter the parking lot.
