

Transition Training

Join us this Saturday morning to discuss the benefits of transition training. Over the years there has been a higher rate of accidents in light sport and amateur-built aircraft. This presentation looks at some of problems in going from low performance to high performance aircraft and the often over looked the skills needs to go from high to low performance aircraft.

Directions: Meeting will be held in the Terminal Building. Fly-in aircraft should park on the north side of the ramp, opposite the Terminal Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
