

North Central Indiana FAAS Team presents:

# The Aircraft Pre-Buy Inspection

If you intend to buy an aircraft in the near future, this seminar is a must. FAA Aviation Safety Inspector Tim Sokol will review problems people encounter when buying an aircraft from other parties. Tim has over 30 years of aviation experience with 19 years with the FAA dealing with aircraft inspection and maintenance. He has seen almost everything imaginable.

The seminar will be both classroom and a hands-on demonstration with 2 aircraft in a hangar.

There will be a Cessna 172 and Aeronca Champ available for inspection. There will also be a mechanic with and Inspection Authorization (IA) available for consultation. Bring your questions concerning your specific situation and we will do our best to help you find answers.

**Directions:** This free safety seminar will be hosted by Indiana Flight Center in Hangar 28 at the Elkhart Municipal Airport in Elkhart, Indiana. The seminar is not located off County Road 6, rather on the southeast side of the airport off of Airport Drive. See the attached map and look for signs to Indiana Flight Center

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
