

## Spatial Disorientation

In this seminar, we will discuss the physiology and limitations of human sight and balance mechanisms, offer responses to typical disorientation and illusion events, and discuss best practices for preventing spatial disorientation.

We will also watch three short videos, Spatial Disorientation Part 1 - Why Not to Fly by the Seat of Your Pants, and Spatial Disorientation Part 2 - Visual Illusions and - 178 seconds.

**Directions:** The event will be held at the Terminal Building. Those flying in please park in front of the Terminal.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
