

## Going Beyond Engine TBO - Good Idea or Bad?

Many aircraft owners struggle to decide what to do when their aircraft engine has reached TBO.

Overhauling your engine will cost several thousand dollars and this decision should be weighed carefully. There is information on the internet to suggest that there is good data to support going beyond engine TBO. FAA Inspector Tim Sokol will review how statistical data can be manipulated to prove a point that is entirely misleading. You won't want to miss this one to hear the rest of the story.

**Directions:** From the south, head north toward downtown Niles. Library is located on Main Street in the heart of downtown Niles.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

**Mon, Apr 16, 2018 - 18:00 EST**

**Niles District Library**

620 E Main Street

Niles, MI 49120
