

Grand Rapids FSDO FAASTeam presents:

IMC Club Meeting - Mastering the Art of Instrument Navigation - EAA Chapter 234

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Directions: The meeting will be held at the airport terminal building on the second floor. Elevator access is on the right side off the concourse leading to the TSA checkpoint. Bring your parking tickets for validation!

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
