

Preventing Carbon Monoxide Poisoning - The Silent Killer

A dynamic discussion covering the often overlooked hazards due to improper, or lack of inspection of aircraft exhaust systems. The 1 1/2 hour webinar will show examples of commonly found problems and the resulting effects. Find out if you are taking all necessary precautions to eliminate the risk of Carbon Monoxide Poisoning for yourself and passengers. IA Marty King of will be the lead presenter and will take your questions, so register and come join in our discussion.
