

## VMC Club Monthly Meeting

You're about to fly a route that's infamous for one of GA's best-known accidents. But, this is different because you have more training, better equipment, and the benefit of knowing what could happen if things go wrong. Of course, that means things do go wrong which reveals an enormous hole in your safety net. Will "I'll be careful" suffice? Is there more to prepare?

Meeting will be in the Riverview Airport Office common area. Flyers are welcome.

### A message from the National FAASTeam Manager
