

VMC Club Monthly Meeting

Your mostly grown children go to college or work in three states across the midwest. Visiting one by car is a long drive both ways, but you can plan a loop trip in your Mooney and get all three with ease. It's your spouse's birthday soon and you concoct a plan to meet each kid and celebrate her birthday. The only problem is a weather system in the middle of your flight path loop. Do you go, how would you plan your flight or do you cancel?

Meeting will be in the Riverview Airport Office.

A message from the National FAASTeam Manager
