

FREE Proficient Pilot Seminar

You are invited to join us for a free safety seminar here at Sweet Aviation as Dan shares with us multiple safety tips, practical tricks, and pilot gear that he has found to be helpful in his own flying. Based on his experience, Dan will be sharing helpful items related to flying VFR, IFR, Day, and Night in various models of aircraft. He can also speak to aircraft ownership, as well as flight training for both initial certifications and currency. I'm rather confident you will find this seminar to be thought provoking and extremely applicable to your flying. Please bring family and friends and join us for an enjoyable evening of learning, community, and pizza.

Directions: This free safety seminar will be conducted and hosted by Sweet Aviation in the main terminal building at the Smith Field Airport in Fort Wayne, Indiana.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
