

## Using the ICAO Flight Plan Form

The FAA plans to replace the familiar domestic flight plan form with the ICAO flight plan form sometime this year. All flight plans filed in the US after that changeover date will be required to use the ICAO form. This seminar will explore the similarities and differences between the two forms. Hints for filling out the ICAO form will also be presented.

**Directions:** Enter on the north side of the building. The meeting will be held in the first room on the left.
