

FREE Proficient Pilot Seminar - Aircraft Airworthiness for Owners

Please join us for our second installment of this two part series on aircraft airworthiness considerations. For this particular session, Sean will focus on discussing items applicable to aircraft owners and operators. The FAA places the important responsibility on aircraft owners of ensuring their aircraft are legally and safely maintained - both the mechanical aspects as well as the paperwork. We hope we can provide helpful information, answer your questions, and have a good time learning more about managing an aircraft well. We hope to see you here!!

Directions: This free pilot safety seminar will be hosted and presented by Sweet Aviation at the main terminal building at the Smith Field Airport in Fort Wayne, Indiana.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
