

EAA Chapter 83 Safety Meeting

Loss of Control can occur during several different phases of flight. Learn when you are subject to loss of control to reduce your chances of an accident. Improper rigging of flight controls can lead to accidents. Learn what to look for.

Directions: The seminar will be held in the airport terminal building - follow the signs.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
