

## Aviation Safety Seminar - Learning from Mistakes

**VMC Scenario** – This will be a scenario involving possible misinterpretation of a Maximum Elevation Figure on a sectional chart. The presentation will also include a quick review of MEF (Maximum Elevation Figure) and OROCA (Off Route Obstruction Clearance Altitude).  
**IMC Scenario** – This scenario involves an actual night IFR flight from Key West , Florida, to Suffolk Virginia in 2015. We will review the NTSB conclusions and some additional factors leading to the fight's outcome.

**Directions:** You can find us in the main terminal building at the Smith Field Airport (KSMD) in Fort Wayne, Indiana.
