

In-Flight Weather Resources Plus Thunderstorm Avoidance Procedures and Actual Flight Simulator

Event Details

A thorough understanding of weather information resources capabilities and limitations is essential to safe flight. This seminar will examine these resources and also combine a segment of Thunderstorm Avoidance Procedures. The seminar will end with a actual demonstration on a Flight Simulator with seminar participants conducting a flight and showing their skills learned in the seminar to conduct a safe flight on the simulator.

When entering the terminal building the conference room will be to the left. Parking in front of terminal building. Airplane parking on the ramp also.

This will be a two (2) hour seminar on May 22,2025 from 7pm-9pm.

Thu, May 22, 2025 at 19:00 EST
