

Winter Weather Flying In The Mid-West

The weather is changing and so are the flying conditions. Just like winter driving, we all need to refresh ourselves with the dos and don'ts of winter operations. Winter flying has its challenges, but also its rewards. Join us for some operating tips along with good conversation. This seminar will cover winter safety tips along with reading and understanding winter weather forecast.

This Seminar will be in the FBO / Terminal Building.

This will be a 1.5hr seminar.
