

Modernization of Special Airworthiness Certification (MOSAIC) For Pilots

In this presentation we will summarize changes to the previous Sport Pilot requirements. We'll discuss effective dates, final rule details pertaining to pilot training and testing. We will also present changes to 14CFR 91, and areas of change affecting pilots who have a higher-grade certificate when exercising sport pilot privileges. Finally, we'll provide some MOSAIC references.

Upon entering the airport from county road 400N you will see a metal building on your left. Parking is in front of the metal building. Enter the front door of the building. The meeting room will be through the first door on your right.
