Indianapolis FSDO FAASTeam presents:

EAA Chapter 938 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario(s) we will discuss at this meeting is/are: We will look at a hypothetical IFR flight in IMC from Goshen (GSH) to Fort Wayne (FWA). Along the way, we will review many applicable procedures, definitions, rules, and advisories that apply. These will be topics that pilots often struggle with on flight reviews and instrument proficiency checks.

Bring your EFB, your experience, and your questions, and be ready to participate.
