

FAASTeam presents:

# HELICOPTERS RULE!

Rotorcraft pilots and AMTs both know that they have bragging rights over their fixed-wing counterparts. Join us in celebrating this truth and in the process learn how we can promote a positive safety culture within the Rotorcraft Community. The latest and greatest in whats happening in Rotorcraft Operations and Maintenance safety. And to top it off - free stuff and great free food. An opportunity you just can't pass up. FAA Wings and AMT Credit for attending. Starch Wing Pilots welcome.

**Directions:** Helicopter Specialties is at Rock County Airport, Janesville, WI

## A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
