

When It Comes To Approaches & Landings - There Ain't no 10!

This series of programs will focus on improving your knowledge and skill during the most critical phase of flight - Approach and Landing. FAA and NTSB Statistics verify that the vast majority of accidents and incidents occur in the approach and landing phase of flight. Learn about ways to avoid having your name published in one of their reports (the fifteen minutes of fame that nobody wants)!

Directions: Event will be held at the Aviation Heritage Center. From Hwy 23 turn North on City Rd. TT. At stop sign drive straight onto Resource Dr..

A message from the National FAASTeam Manager

WINGS – The better way to meet your Flight Review requirement!

Sign up for the FAA's safety services at www.FAASafety.gov!
