

# Wisconsin DOT Pilot Safety Program

Get an update on important safety issues at the Waukesha airport and learn about some ATC best practices while operating at KUES.

This program will also focus on improving your knowledge and skill during the most critical phase of flight - Approach and Landing.

**Directions:** Event will be held at the Atlantic Aviation hangar

## A message from the National FAASafetyTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
