

Runway Incursion Avoidance: Airport Signs, Markings and Airmanship

The Stevens Point Municipal Airport (KSTE) is offering a .10 cent (.10) per gallon fuel discount to all safety-minded pilots that register and attend this FREE 1-hour safety seminar.

Directions: Did you know that 80% of all pilot-caused runway incursions occur during taxi to the departure runway? Most airports have markings, signs, and lights designed to assist you in navigating around the airfield. This 1-hour seminar is a complete review of airport signs and markings you may encounter at controlled and uncontrolled airports.

A message from the National FAAS**T**eam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
