

Kettle Moraine EAA Chapter 1158 Safety Seminar

VFR into IMC continues to be cause of accidents in an age when we have better access to weather information than ever before. We'll look at some typical causes of weather accidents and how to avoid making a bad weather decision.

We will also look at some trends in recent accidents and their causes.

Directions: The meeting will be at the chapter hangar at the West Bend Municipal airport.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
