

# 'To Comply, or Not to Comply?': IMC Club Fox Valley Monthly Meeting

IFR Scenario relating to a clearance, presented by Tony Kolar, CFI-I. Use real world scenarios to increase your level of safety in the IFR environment. Safe instrument flying is a matter of mitigating risk, personal minimums and standard operating procedures. If you have and use sound judgment, establish personal minimums and good procedures, you can enjoy a long and successful career of instrument flying. The Fox Valley (WI) IMC Club provides organized "hangar flying" focused on building proficiency in instrument flying. An instrument rating is not required for attendance.

**Directions:** Meeting Room at West End Pizza (to right after entering via main entrance). West End Pizza is across 20th Street from the airport, almost directly across the street from the Hilton Garden Inn. Fly ins should plan on parking at Basler FBO and call the Chapter Leader for a ride.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
