

'Thunderstorm on Approach' IFR Scenario: Green Bay IMC Club Monthly Meeting

A good activity for anyone interested in instrument flying. Use real world scenarios to increase your level of safety in the IFR environment. Safe instrument flying is a matter of mitigating risk, personal minimums and standard operating procedures. The Green Bay IMC Club provides organized "hangar flying" focused on building proficiency in instrument flying. An instrument rating is not required for attendance.

Directions: Upstairs meeting room

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
