"Perception is not reality" This was not the place to be...

Too many times we are told that "perception is reality".

Perhaps it's true in politics - public relations - but not in aviation, reality beats perception every time.

Find out what happens when an Instrument pilot "pushes the envelope" on final.

Matthew will brief us on an NTSB report regarding N569JL & an IFR accident. The group will analyze and discuss the scenario.

Directions: Conference Room at Atlantic Aviation 0830 to 1000

A message from the National FAASTeam Manager
