

Wisconsin Flying Hamburger Social and Unmanned Systems Inc

The Milwaukee Flight Standards District Office, the Flying Hamburger Social and the Unmanned Aircraft Systems Inc. are sponsoring a FAA Safety Event, "Unmanned Aircraft Systems". The topic will cover what schooling and testing that a person must pass prior to operating a UAS as a recreational pilot or if you want to operate a UAS commercially according to the new FAA Part 107 Regulations. This is one of many that will be held throughout the year.

Please come and join us at the Langlade County Airport (AIG). This event will have refreshments prior to the session, but it will not be a full social as we have in the Summer.

Directions: The meeting will be held at the Main Terminal Building at the Langlade County Airport, located at N3689 North Langlade Rd. Antigo, WI 54409.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
