

Wisconsin FAAS Team presents:

sUAS Overview - for Hobbyist and Commercial Use

sUAS, or Drones, have become extremely popular in the past few years. Built on almost a century of unmanned and RC Aviation, multi-rotors are encouraging many into the exciting world of aviation.

We will talk about the FAA regulatory framework surrounding sUAS, enabling new and existing users to fly safely and compliantly. We will talk about best practices and introduce you to the experts and hobbyists a event where you can connect with other responsible drone pilots and builders.

Directions: This seminar will be located in the Modern Avionics Hanger located next to the Wisconsin Aviation Fixed Base of Operation (FBO). If flying in, park at the East Side of the Dane County Regional Airport and if unfamiliar with the airport layout ask Ground Control to taxi the Wisconsin Aviation FBO ramp.

PLEASE NOTE: DATE CHANGE TO APRIL 26, 2017 FOR THIS SEMINAR

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
