

Wisconsin FAAS Team presents:

Loss of Control and Basic Med

EAA Chapter 572 is sponsoring a FAA Safety Event, "Loss of Control". This is the first of many that will be held throughout the year. Join us at the Fond du Lac County Airport (FLD). This event will have refreshments prior to the session. Basic Med is it right for you, how does the application process work, and who will do the physical exam? Jim Cotter, CFI and FAA Safety Representative will answer many of these questions for you in his presentation.

Loss Of Control Topic will be presented by Jurg Grossenbacher, FAA Safety Team Program Manager. We will discuss the current accident and incident statistics for Wisconsin.

We will also update on the New FAA Compliance Philosophy and how it impacts each and every pilot and mechanic.

Directions: The meeting will be held in the Main Terminal Building located at 266 S. Meadows Dr. Fond du Lac County Airport, Fond du Lac, WI.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
