

FAASTeam presents:

UAV University

Saturday October 14th from 0830 to 1630 and Sunday October 15th from 1000 to 1400. Come learn about the fastest growing segment of Aviation from a panel of industry experts on the leading edge of UAV aviation and learn how to become a Part 107 Certified Drone Pilot. Topics include Drone Safety, drone aerodynamics, weather, the IT behind the systems -including the man-machine interface, Airspace, Sectional Aeronautical Charts, Federal Regulations and Wisconsin drone laws, and the varied and virtually unlimited uses for a drone. When is a drone pilot license needed? Commercial Operation is not what you think it is. Come to the seminar and let us help launch you on the way to getting your drone license. There will also be a drone flying demonstration.

Directions: The Kettle Moraine EAA Hangar is located at the West Bend Airport on SR 33 East of the City of West Bend,

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
