

FAASTeam presents:

Private Pilot Knowledge Requirements Overview

This course will provide the necessary information and tools required to enable attendees develop into safe, competent pilots. This course will also ensure that you pass the Private Pilot Knowledge test as specified in FAR 61.105. Emphasis is on practical application by pilots. The course is also an excellent refresher for certificated pilots in need of a refresher course. Instructors for the course are experienced, educators and current general aviation pilots.

You will receive a logbook endorsement by an authorized instructor certifying that the instruction is in compliance with FAR 61.105.

There is no charge for this first session which introduces the topics to be covered. There is a fee for the remainder of the course. For further information please contact the Morey Airplane Co. at 608-836-1711 or Harold at harlgren@aol.com

Directions: The airport is located 1 mile west of Highway 12. Take Airport Road West.

If arriving by aircraft, C29 airport is located 8 miles from MSN on the MSN VOR (108.6mHz) 254 radial.

Seminar will be in the conference room in the Main Terminal Building.
