Select #: GL1380975

Representative HAROLD LESTER GREEN

This free session provides an overview of the knowledge requirements to achieve the Instrument Rating. A brief description of the expectations for the Instrument check ride will also be included. In addition the session serves as an overview of the Morey Instrument Knowledge course.

Attendees for both the introductory session and the course will receive an instructors' endorsement for their logbook covering the subjects and the hours attended. For those attending the course, once tuition is paid you may attend the course as many times as you wish without tuition charge.

Directions: The airport is located about a mile west of Highway 12. Take Airport Road exit west. If flying in, the airport is 8 miles from MSN on MSN (108.6), on the 254 radial. Seminar will be in the conference room located in the Main Terminal Building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
